2010 SPECIALIZED DISTRIBUTION

⚠ WARNING ⚠	
 18 Years or older	<ul style="list-style-type: none"> ● Operation of this air gun is for training purposes only, at legal training facilities. Users will follow all applicable air gun laws and regulations. Sales and usage restricted to persons 18 years of age or older.
 Injury Caution	<ul style="list-style-type: none"> ● Plastic BB's can reach 50 to 60 meters, and up to 300 fps. Careless shooting and mis-handling may result in severe eye damage and or other injuries. Always wear eye and body protection. Never point or shoot at people or animals.
 Please read manual!	<ul style="list-style-type: none"> ● Always follow safe handling and precaution listed in the manual. Understand fully all operations of this air gun. Use this air gun with full recognition of it's caution warnings. Use within full compliance of State and local laws.
CHOKING HAZARD keep away from small children.	
Contact your Dealer for a replacement manual.	

DISCLAIMER

Products in this catalogue are replica AirSoft/Airguns and NOT REAL FIREARMS, nor are they from any other source of origin other than SD. Please do not advertise or associate AirSoft products with the names or trademarks of any other firearms, their manufacturers or others' trademarks, unless otherwise authorized by SD. Please only use the authorized names, brand names and/or trademarks to identify our products. We respect the trademark rights of others and want to make sure that their trademarks are not improperly used.

AIRSOFT

AirSoft was conceptualized as a new approach in BB gun application. In place of the utilitarian air gun designed for hunting, AirSoft was created with a purely recreational application in mind. It was also created for people who enjoy target practice or indoor plinking with friends who are not concerned about the high power hunting application of a BB or pellet gun but just want to have fun. This is exactly where AirSoft fits in.

Both Indoor and Outdoor sport games are being played all over the world. AirSoft sporting games offer its participants a safe and well-regulated environment for their fantasy play. These types of games require teamwork, cooperation and the spirit of fair play. It has been integrated into many Paintball sport facilities and playing arenas across the country.

Adding to AirSoft's hobby collector and sport games market, AirSoft has created new uses in firearm safety, law enforcement training and movie & theatrical productions. Highly detailed designs simulating various firearms offer realism while at the same time, much safer applications. Many police officers/departments and firearms safety instructors choose AirSoft over other options to obtain realistic training without the inherent danger.

The U.S. government has specified regulations applicable to AirSoft products. AirSoft is a category of airguns subject to all distribution & usage restrictions. Consumers must be an adult of 18 years of age to purchase and full time parental supervision is required when used by younger persons. A permanent blaze orange marking at the fore end of all AirSoft is a federal requirement as a product distinction. All consumer application MUST have and retain this specified marking, with the exception of movie and theatrical applications.

AirSoft possess an excellent future in the marketplace and will grow as the Paintball industry has, but only if all current and interested businesses follow all current governmental guidelines. Take aim and safe shooting.

NEW! High grade metal AEG inner barrels. All sizes, to fit most rifles and applications.

HEAVYMETAL

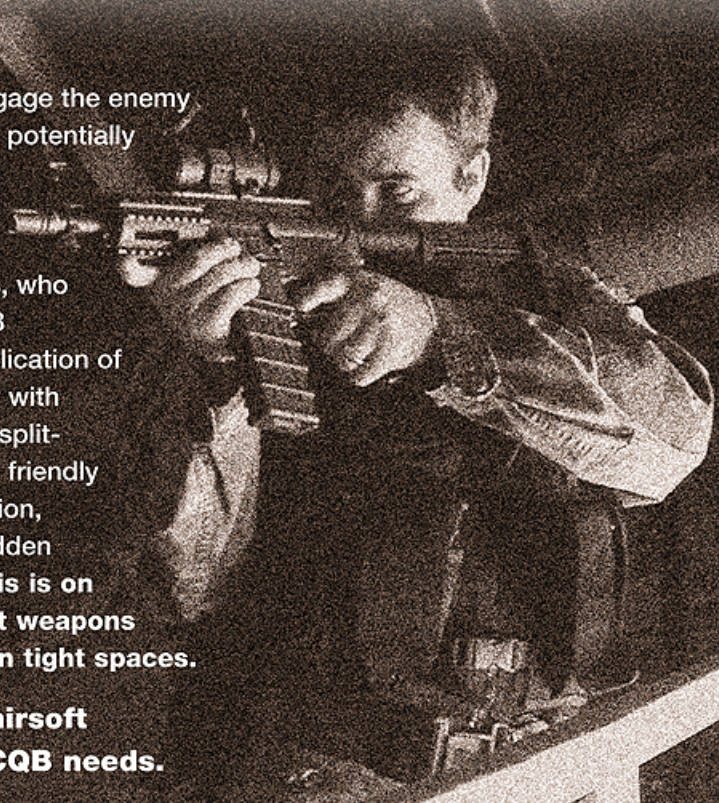

AEG'S

CQB - Close Quarter Battle

is a type of fighting in which small units engage the enemy with personal weapons at very short range, potentially to the point of hand-to-hand combat. In the typical airsoft CQB scenarios, the attackers try a very fast takeover of a vehicle or structure controlled by the defenders, who usually have no easy way to withdraw. CQB demands a rapid assault and a precise application of force. The operators need great proficiency with their weapons, but also the ability to make split-second decisions in order to avoid, or limit, friendly casualties. CQB is defined as a short-duration, high-intensity conflict, characterized by sudden force at close range. **In CQB, the emphasis is on small infantry units using light, compact weapons that one man can carry and use easily in tight spaces.**

SD carries an excellent variety of airsoft weapons that conform to all your CQB needs.

Velocity: 320-350 FPS with .20g BB's

Gas Blowback Action

A blowback feature is a mechanism which cycles a slide, or bolt, to better simulate a real firearm's operation. In Gas Airsoft applications, it generally uses Green Gas as the catalyst to perform such operation. Blowback Action is a favorable feature amongst Airsofters.

TSD Tactical

- TSD Gas Blowback Rifles Features:**

SDGP321BH

TSD MIL1911 Full Metal Compact - Black
Caliber: 6mm BB (0.20g/0.23g,0.25g)
Weight: 3 lbs, Metal
Capacity: 15 BB's
Action: Semi-Auto Non-Blowback
Power: CO2
Velocity: 450-500 FPS with .20g BB's

SDGP321SH

TSD MIL1911 Full Metal Compact - Silver
Caliber: 6mm BB (0.20g/0.23g,0.25g)
Weight: 3 lbs, Metal
Capacity: 15 BB's
Action: Semi-Auto Non-Blowback
Power: CO2
Velocity: 450-500 FPS with .20g BB's

SDC0101

TSD MIL4A1 Carbine
Caliber: 6mm BB (0.20g, 0.23g, 0.25g or .28g)
Weight: 12 lbs, Full Metal
Capacity: 50 BB's
Action: Semi-Auto Non-Blowback
Power: 12g CO2 Gas
Velocity: 430-480 FPS with .20g BB's

SDC0107

TSD MIL933 Carbine
Caliber: 6mm BB (0.20g, 0.23g, 0.25g or .28g)
Weight: 12 lbs, Full Metal
Capacity: 50 BB's
Action: Semi-Auto Non-Blowback
Power: 12g CO2 Gas
Velocity: 430-480 FPS with .20g BB's

SDC0104

TSD MIL4 RIS Carbine
Caliber: 6mm BB (0.20g, 0.23g, 0.25g or .28g)
Weight: 12 lbs, Full Metal
Capacity: 50 BB's
Action: Semi-Auto Non-Blowback
Power: 12g CO2 Gas
Velocity: 430-480 FPS with .20g BB's

TSD Precision BB's

All TSD Tactical BB's are double polished, super slick, competition grade BB's. They are high quality BB's that will less likely jam in your gun. BB jams are common in airsoft and most times, are caused by using cheaply made, bargain BB's, that are not round or have irregularly unfinished surfaces.

Whether you own a TSD Spring Gun, Gas Gun or AEG, you've already made the commitment to purchasing only the best airsoft guns available, why not do the same with your BB's?

Battery Charging Times

Questions always arise as to how long a battery should be charged. Always refer to your Owner's Manual for suggested charging times. The basic formula for charging a battery is based on milliamp of the battery, divided by the charge/output rate of the charger.

CHARGERS & ADAPTERS

- SD offers a complete line of Airsoft Battery Chargers and Adapters that are efficient and economically priced.

SRCBT09

Li-ion Charger for Lipo battery with LED Light Indicator
 Plug Type: 7.4v / 2S / 2cell
 Output: 8.4V 1000mAh

SRCBT10

Li-ion Charger for Lipo battery with LED Light Indicator
 Plug Type: 11.1v / 3S / 3cell
 Output: 12.6V 1000mAh

ERCHARGER-L

TSD Large Plug Wall Charger - UL Certified
 Plug Type: Large-Tamiya
 Output: 9V, 500mAh

ERCHARGER-S

TSD Small Plug Wall Charger - UL Certified
 Plug Type: Small-Tamiya
 Output: 9V, 500mAh

ERUSCO1

Universal Smart Charger

Output: 0.9A or 1.8A
Plug Type: Large & Small-Tamiya Adapter

Features: 7.2V - 12V Auto Detect, Auto Trickle Charge Function, Light Indicator when Charge is Complete

ERFASTCHARGER

Prolux Alpha 3 Battery Fast Charger

Plug Type: Large & Small-Tamiya Adapter

Features: 7.2v - 8.4v Selector Switch, Discharge Function, 15 Minute Timer, Amp Meter, Current Adjust

ERCAPLS

Large Female to Small Male Converter

Make: IBC

Feature: Small male connector to large female connector plug adaptor (Small plug battery to large plug charger or AEG)

ERCAPSL

Large Male to Small Female Converter

Make: IBC

Feature: Small female connector to large male connector plug adaptor (Small plug charger or AEG to large plug battery)

ERCAP2S

Lipo 2S 150mm Wire Extension

Make: IBC Intellect

Feature: 150mm wire extension for 2S plug (male + female) for 7.4V Lipo pack

ERCAP3S

Lipo 3S 150mm Wire Extension

Make: IBC Intellect

Feature: 150mm wire extension for 3S plug (male + female) for 11.1V Lipo pack

Features:

- Converts regular Propane Gas to substitute as Airsoft Green Gas
- 2 versions available: Anodized Aluminum (choose from 5 different colors) or Plastic (includes silicon oil)
- New design with an Easy Silicon Drop-Port & longer fill stem to accommodate all Gas Magazines
- High Quality, Made in Taiwan

PROPANE ADAPTERS

ACCESSORIES

Description: Silicone Oil Lubricant

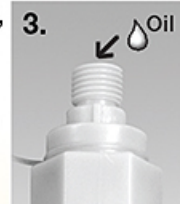

Sapien Arms Propane Adapters

Safe, Reliable and Economical! Easily converts regular Propane Gas to substitute as Airsoft Green Gas.

Instructions

1. Remove Protective Cover from Propane Tank Valve.
2. Center the Gas Adapter onto the threaded valve of the Propane Tank. Screw onto Propane Tank, making sure you do not cross thread the Adapter. Tighten firmly, but **Do Not Over-tighten**.
3. Add two drops of the included light Silicon Oil into the top of the Adapter. Screw the Adapter Nozzle Top onto the Adapter.
4. The Propane Tank is now ready for use. Invert Tank, insert the Gas Adapter Nozzle onto your Magazine's Fill Valve and press firmly.

Order by phone: 626/281-0979
E-mail: info@TeamSD.com

Order by FAX: 626/281-0323
Websites: www.AirsoftSD.com
www.TSDTactical.com

We only sell to qualified retailers and wholesalers.

We at Specialized Distribution pride ourselves in giving our customers fast, helpful, professional and personalized services.

HOURS OF OPERATION:

Our standard hours of operation are 8:30am - 5:30pm M-F (Pacific Standard Time)

TERMS AND CONDITIONS:

PAYMENT TERMS:

All orders can be shipped C.O.D. (CASHIERS CHECK, MONEY ORDER OR COMPANY CHECK), or payment can be made by VISA, MASTERCARD, AMERICAN EXPRESS and DISCOVER CARD.

Any accounts with past due balances will be considered delinquent. Shipments will not be made to delinquent accounts. A late charge of 1.5% per month, 18% per annum will be charged to all delinquent balances.

FREIGHT CARRIERS:

Specialized Distribution ships by UPS, FedEx and contracted container transporter.

FREIGHT COSTS:

Freight Charges will be invoiced on all orders, unless otherwise agreed upon before the order is placed. All address correction fees assessed by the freight carriers will be billed to the Customers account. Shipments to addresses that are not on customer's files will be charged a minimum \$5.00 "Drop-Ship" fee for each order.

PARCEL INSURANCE:

Parcels will be insured at the published carrier insurance rate and billed to the Customer, unless otherwise instructed by the Customer in writing, before the order is placed. Specialized Distribution has no liability for lost or damaged parcels, once the parcel leaves our warehouse.

TSD Warranty Registration

To receive TSD Warranty, Extended Warranties and Product Information on all TSD Tactical Airsoft Guns, go to: www.AirsoftSD.com to "Register Your Weapon"!

30 DAY END USER WARRANTY POLICY:

Customers MUST obtain a Return Authorization Number before attempting to return any merchandise. Warranty service will be handled by Specialized Distribution. No C.O.D., or freight collects are accepted. Warranty registration cards are required to be submitted by customers to validate warranty. Only Warranty registration cards carrying the TeamSD Logo on it, will be honored. Fee based services are available on out-of-warranty products.

PRODUCT RETURN CREDIT:

Dealers may return products within 90 days of purchase date, for credit. Products returned for credit shall be subject to restocking fees.

RESTOCKING FEES:

Non-Defective merchandise returns to Specialized Distribution, for any reason, other than a mis-ship of product, will be subject to a 20% restocking fee. Returned products must be received in the original product box, and must be in resalable condition.

WAIVER OF LIABILITY AND INDEMNITY:

By purchasing from Specialized Distribution, the buyer warrants that he/she is in compliance with his/her local laws, state laws and federal laws. Customers must be legally able to purchase, possess and/or resell Specialized Distribution products. Specialized Distribution will not be held responsible for the non-compliance of these laws.

SALES RESTRICTIONS:

Buyer must be 18 years and over to purchase and operate all AirSoft products. Sales to minors are strictly prohibited.
